

Management Services Consultants proudly announces the opening of its new Bookkeeping Division

MSC is starting a bookkeeping / accounting division under the leadership of Bob Moss

Many accountants, lenders and other professionals frequently reach out to MSC for help in the accounting area knowing the professional and responsive nature their clients receive.

In the past, under its successful back office accounting support division, MSC only provided Controllers and CFO's but now, based on continued requests from the industry, we are now able to provide **less expensive solutions to your accounting and bookkeeping problems.**

All personnel are knowledgeable in many of the accounting software packages including QuickBooks & Peachtree

Bookkeeper's rates range from \$ 80 to \$ 120 per hour.

If you need help in the following areas - Bank and Factor reconciliations, data entry of sales, cash, payroll, purchases, A/R, A/P, G/L account reconciliations, monthly closing, trial balance, schedule preparation.

Remember: MSC will still continue to provide expert financial accounting support with a very experienced staff of Controllers and CFO's for those situations requiring greater financial expertise.
